SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in
regular session Monday, April 20th,
there being present Wm. H. Brown,
presiding, Jas. T. Casey, John
MacBain, Jos. M. Francis and D.
E. Blackburn.

The petition filed by citizens of
the First township asking for the
recall of Supervisor Casey, was tak-
en up.

Archer Kincaid, representing Mr.
Casey, objected to any action being
taken by the board, claiming that it
was without jurisdiction as the peti-
tion was imperfect and insuffi-
cient.

J. M. Custer and Miss Michael-
son, representing the petitioners,
urged immediate action, claiming
that the board had no other alterna-
tive than to proceed with the
matter of fixing the date for an
election in accordance with the pe-
tition.

Blackburn moved that the pe-
tition be laid over until the after-
noon session. He was seconded by
MacBain and the motion carried.

David H. Walker, executive sec-
retary of the Inland Waterways As-
sociation of San Francisco, address-
ed the board, explaining the objects
of the association and asking that
ten citizens be appointed to repre-
sent the county in the Association,
for whose membership a fee of \$50
be paid annually.

It was ordered, on motion of Ca-
sey, seconded by MacBain, that \$50
be appropriated for the association.

The following bids were received
for constructing three concrete
culverts in the Second road district:

Harry B. Morey, \$1080.
A. B. Rilovich, \$1200.

On motion of MacBain, seconded
by Brown, the contract was award-
ed to Morey, he being the lowest
bidder.

The following bids were received
for constructing the county high-
way from Montara to Halfmoon Bay
in the Fourth township:

Burns & DuRosa—Specifications 2,
\$103,822.00
Ransome-Crummy Company—
Specifications 1, \$116,597.11; spec-
ifications 2, \$112,346.54; speci-
fications 3, \$108,095.98.

Raisch Improvement Company—
Specifications 1, \$167,151.78; spec-
ifications 2, \$146,371.24.

H. L. Peterson—Specifications 2,
\$123,858.99.

Wrightson, Anderson & Yost—
Specifications 2, \$98,310.40.

Clark & Henery—Specifications 1,
\$116,859.74; specifications 2, \$108-
358.61; specification 3, \$97,023.77.

Roadamite Paving and Supply
Co.—Specifications 3, \$83,892.21.

After a conference with the Coun-
ty Highway Commission, the bid of
Wrightson, Anderson & Yost was
accepted for specification 2, and the
contract was awarded to that com-
pany.

A communication was received
from the Shore Line Investment
Company of San Francisco asking
that the road about to be construct-
ed from Montara to Halfmoon Bay
be located according to a right of
way that would be acceptable to the
company, through whose property it
will run.

The communication was accepted
on motion of Francis, seconded by
Blackburn, and ordered filed for
future consideration, Francis stating
that a conference would shortly
be held by the highway commis-
sion, himself and the officers of
the Investment Company, with a
view to agreeing on a location for
the road.

A petition, signed by H. T. Scott
and others was received, recom-
mending that the board purchase at
par, State Highway bonds amount-
ing to \$100,000, which money is to
be used in the completion of the
highway in this county.

Accompanying the petition was a
letter from the State Highway Com-
mission notifying Chairman Brown
that the amount actually required
to complete the highway in this
county is \$120,000.

On motion of MacBain, seconded
by Blackburn, the matter was con-
tinued until the meeting of May
4th.

It was ordered on motion of
Francis, seconded by Blackburn,
that the District Attorney present
at the next meeting a written opin-
ion as to the legality of the pur-
chase.

The following indigent persons
were granted the usual monthly
assistance of \$8 from the Indigent
fund: Virginia C. Hardy of Daly
City, Florence Kichmann of Lo-
mita Park, A. Sagala of South San
Francisco.

Martha Chapman of San Mateo
petitioned for State aid in the
support of her half-orphan child and
on motion of Blackburn, seconded
by Casey, she was recommended for
the usual monthly allowance of
\$6.25.

M. F. Brown, chief of the motor-
cycle squad reported as follows:

Officer Lewans, worked 14 days,
one arrest, one conviction; fine \$5.

Officer Brown, worked fourteen
days, five arrests, five convictions,
one case pending; fines \$30.

Officer Logan, worked 14 days,
one arrest, one conviction; fine
\$15.

Officer Vallejo, worked twelve
days, two arrests, two cases pend-
ing.

A communication was received
from the County Development As-
sociation, giving notice that the
appointment of W. H. Brown as the
representative of the Board of Sup-
ervisors on the Board of Govern-
ors of the association had expired
at the first meeting in April.

On motion of Casey, seconded by
MacBain, Mr. Brown was reappoint-
ed to serve as the board's represen-
tative.

A communication was received
from the Board of Supervisors of
Monterey county, giving notice that
an adjourned meeting of the Super-
visors' Convention recently held
at Los Angeles, would be called
at the Palace Hotel in San Fran-
cisco, April 23d.

The communication was ac-
cepted and ordered filed, Chairman
Brown stating that he would attend
the meeting.

On motion of MacBain, seconded
by Casey, the request of Surveyor
Neuman for additional telephone
service was granted.

A communication was received
from the Pacific Bone, Coal and
Fertilizer Company of San Francisco
denying the ownership of a tank
standing in the right of way of
the county road at Visitation, the
tank being the county's property, it
having been erected some years ago
to supply water for road sprinkling.

A communication was received
from F. L. Stephenson withdrawing
his notice previously given the
board to withhold payment of the
claim of C. C. Christensen for
bridgework.

The purchase of a jail site was
again continued at the request of
MacBain.

Casey stated that he had vis-
ited the Loomis family at Daly City
and found them to be in indigent
circumstances, both of the parents
being seriously ill. He gave them
temporary aid and it was ordered,
on motion of MacBain, seconded by
Blackburn, that he continue to give
such aid as he deemed necessary.

Casey requested the members of
the board to come to his district
and inspect the Mission road from
Holy Cross to the Jewish ceme-
tery, a distance of about half a
mile, with a view to devising some
means of protecting it from the
winter floods. The members agreed
to meet with him on the 23d in-
cluding (Continued on fourth page.)

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

READY FOR UNITED ACTION.

What for many months has seemed the inevitable has at last come to pass. The efforts of President Wilson to preserve a state of non-interference in the affairs of the unhappy republic of Mexico have come to naught. The strong hand of the United States has been laid upon General Huerta, the self-constituted Dictator of Mexico, and that arrogant individual is to be brought up with a round turn. To all practical purposes a state of war now exists and within a few days at the most, in all human probability, will have actually been declared.

Whether or not the extremely pacific policy of the President was the most wise one, under the circumstances, matters not now. The time for quibbles has passed. Smarting under the lash of continued overt acts, the President has at last determined to cease temporizing and in this he will, as he should, have the hearty support of the entire American people.

That the President will have the full and united support of the Congress is not a matter of question. When a crisis such as this confronts the country political difference are laid aside. No man worthy of the name of American will attempt to make political capital out of a situation such as this.

Whether the war will be long or short is at this time a difficult matter to determine. That it will be costly, both in treasure and human lives, seems more than probable. That there will be no dearth of either ready for the offering is certain. The American people have never yet failed in a hearty response when the honor of their flag was concerned, nor is there any reason to fear that they will do so in the future.

While at this time there is no thought of conquest, it is a grave question whether the American flag should not remain where we are compelled to carry it. Certainly the people of Mexico would be far better off were they, for a long time at least, brought under its beneficent folds. Seemingly in no other manner can permanent peace be brought to that unhappy and rebellion torn country.

NEW CITY OFFICERS TAKE THEIR SEATS

Council Elects Geo. A. Merrill
as its Presiding Officer
for Fourth Term

Trustee C. J. Hynding, who for twelve years has most acceptably served the city as a member of its official family, retired to private life with the reorganization of the city council at its meeting last Monday evening. With a desire of finally disposing of the routine business of the outgoing board before the seating of the new officials, all of the trustees were promptly in their seats and for the first time in several months the question of street improvement was allowed to pass almost unnoticed.

Following the reading and approval of the minutes, Clerk Plump presented the regular monthly reports of the city officers and employees, which after consideration were ordered filed for future reference.

The report of City Treasurer Towne shows the balance in the several funds to be as follows: General fund, \$5628.81; water fund, \$3068.26; library fund, \$1292.00.

City Marshal Coleman reported the collections of his office as follows:

Water rates	\$1048.40
Water connections	40.00
Liquor licenses	2815.00
Miscellaneous licenses	289.00
Dog licenses	4.00
Taxes	49.45
Miscellaneous	3301.90
Total	11807.00

The plumbing inspector reported that he had made nine inspections during the past month.

A communication from the local Teamsters' Union complained of the annoyance to team drivers caused by the recent practice among young boys of climbing upon loaded wagons, which it was feared might result in serious injury to some of the lads. Realizing the difficulty of controlling such practices, the communication was referred to Marshal Coleman, with the understanding that if necessary he should take strong measures to suppress the nuisance.

A communication from the Development Association notified the council that the term of L. P. Behrens as a representative of this city on the Board of Managers had expired and requested that a new appointment be made. As there appeared to be some doubt as to whether Mr. Behrens would consent to accept another term, the appointment was deferred until the next meeting.

A protest against the construction of sewers on Jefferson avenue, between Adams and Blaine street, was laid over for consideration at a later date.

A communication from the Inland Waterways Association, after setting forth the scope of work to be undertaken, asked that the city take out a membership in the organization, at a cost of \$100, this to entitle the municipality to of-

ficial representation. After a general expression of approval of plans of the organization by the trustees, the request was granted.

The committee which had in charge the work of the recent "clean up" week submitted a detailed report, showing the scope of the work done and the expense incurred, showing that a total of \$303 had been expended and that 206 loads of refuse of various characters had been disposed of. The work of the committee was unanimously commended by the trustees and the Clerk was directed to return the thanks of the council to the committee, the Boy Scouts and citizens who had been active in the movement.

Monthly claims against the city were audited and ordered paid, and the clerk declared the file of pending business cleared.

Returns of the recent city election were then formally canvassed and the result declared in accordance with the returns published last week.

Preparatory to offering a motion for the final adjournment of the old council, Trustee Deleau presented the following resolution, which was adopted by the unanimous vote of Mr. Hynding's colleagues and agreed with evidences of public endorsement by a well filled lobby of spectators:

"Resolved: That the thanks of this Board, and through this Board, the thanks of the community be extended to C. J. Hynding, Esq., in appreciation of his long and faithful service as a trustee of Redwood City. By his zeal for the public welfare, his wise counsel and his sterling integrity he has proved himself at all times a most valuable member of this Board. In his voluntary retirement to private life he carries with him the wholesome respect of all who have been associated with him during his several terms of office."

Following the adoption of the resolution, a motion for final adjournment was adopted and Mr. Hynding, smilingly retired, evidently pleased to escape duties which of late had become extremely trying to his physical endurance.

Trustee H. C. Tuchen, the only new member of the city's official family, was then invited to a seat within the council railing and the oath of office was administered to the recently elected officers by Notary Public W. H. Kelso. Following this ceremony the new council was called to order by Clerk Plump and on motion of Trustee Deleau Mayor Merrill was re-elected to serve the council for the fourth time as its chairman.

In accepting the position Mr. Merrill returned his thanks to the retiring council for the hearty support given him and for their unselfish devotion to the public interest. That in the past the work of the council had been generally harmonious, he believed was in a large measure due to the business ability of the trustees and to the fact that they had been controlled by the dictates of public interest, rather than private desires. He especially complimented Mr. Hynding for his devotion to public duty.

The following assignment of Trustees to committees was then announced by Chairman Merrill: Finance, Deleau, Sampson and Tuchen; Public Utilities, Hahir, Tuchen and Sampson; Public Works, Tuchen, Hahir and Deleau; Public Health, Police and Morals, Sampson, Deleau and Hahir. In each case the first named was announced as chairman.

Some time was devoted to a consideration of the advisability of regulating automobile traffic on the County road. As an evidence of increase of traffic since the improvement of that street, Mr. C. H. Hilcott informed the council that during one hour last Sunday no less than 250 machines had been counted within one hour. Pending the consideration of a general traffic ordinance, no definite action was taken.

Trustee Deleau reported that he had found it was necessary to make revision of the block books of the city property preparatory to making the city assessment, and on his motion W. H. Kelso and R. F. Chilcott were employed to do the work, the entire cost not to exceed \$50.

The First Principle Of the Salaried Man Should Be— TO SAVE

It is possible that luck may play an important part in the quick making of fortunes, but it has nothing to do with fortunes accumulated from the savings of labor.

A bank account, however, will be of assistance and the young man or woman who will take this method of saving from his or her salary will eventually reach the desired goal.

This bank welcomes the accounts of those people who are working on salary and have a desire to save a part of it. We pay 4%, compounded every six months.

There are a great many Beers brewed throughout our country and put upon the market under the brand of "Bohemian." For the purpose of individualizing our product and also for the reason to link it closer to the name of our plant, we have decided to re-christen our popular "Bohemian" and call it plain "Buffalo Lager."

On April 1st of this year our new Bottled Beer will be put on the market dressed in the New Label. It is our endeavor that the new label shall represent extreme care in brewing and expert inspection at every stage of production from the raw material to the packing for marketing. Only the best materials are used for the manufacture of "Buffalo Lager," which coupled with up-to-date methods in the art of brewing will present to the beer drinking public a Table Beer "par excellence."

We thank you for the many past favors received at your hands and sincerely solicit the continuance of your patronage.

Engagement Announced.

At a reception held at the Hamilton-avenue home of Mr. and Mrs. David Curry, Tuesday afternoon, Miss Marjorie Curry, the pretty eighteen-year-old daughter of David Curry of Camp Curry fame in the Yosemite Valley, announced her engagement to Herbert Betts Wolcott, a senior student at Stanford University. The wedding will not take place until after Wolcott receives his degree in law at Stanford. He is the son of Herbert A. Wolcott, a retired mining man of Carthage, Mo., and while at the university makes his home at the Sigma Chi fraternity. He is identified with the college gymnasium as a member of the Gym Club. Miss Curry will soon graduate from Castilleja, a girls' school of Palo Alto. Miss Curry was born in Redwood City eighteen years ago, during the time her father was principal of the local high school.

High School Rehearsals.

After a great amount of reading on the part of Miss Merrill, a high school play was selected which it is thought will equal the one produced last year. "Fanchon, the Cricket," is a young girl living with her grandmother, who is called an old witch. The child is properly reared but because she lives with her grandmother the boys and girls of the community fear her. Two brothers on a neighboring estate form an important part of the play and the action in some places is very strong. The story of the play brings out the old superstitious fears of some of the people in France. The cast will be quite large, including seventeen students of the high school. Thelma Knox will take the leading role together with Thomas Pennington. Stanton Mullen as the other brother will please. Marie McLaughlin handles the part of the old witch very creditably. Stephen Tichenor and Claire Shields as father and mother will appear to advantage. The rest of the cast is made up of students who will take their parts well and add to the general effect of the production. The previous plays put on by Miss Merrill have won such unanimous approval that she is putting forth every effort to bring this one up to the standard. Reserve seat tickets may be had at Ryan's, May 4. The production will be put on Friday, evening, May 8th.

Missouri Girl is Coming.

The fact that people are tiring of the so-called sex and problem plays, cheap vaudeville and pictures shows which have been dished up to the theatre-going public recently is very pointedly demonstrated by the enormous business now being done throughout the country by that masterpiece of clean fun, "The Missouri Girl," which will be seen here Monday night.

This great comedy with the famous "Zuke and Daisy" (a pair of comedy creatures whom many contend are funnier than Mutt and Jeff) has proved to be one of the sensations of the theatrical season.

With its special scenic equipment and high class company of ladies and gentlemen, it will show you that capacity audiences are the rule, that its musical numbers are numerous and commendable, that its comedy is chuck full of roaring laughter and it is entirely free from that "slap-stick" sort which is too often resorted to in many so-called comedies.

The date for this meritorious attraction has been set for April 27, and theatre-goers are assured of a play that is really worth while.

Great Serial at the Bell.

With the single exception of Tuesday evening, there will be a complete change of program at the Bell theater every night next week, and every night will be a popular price show, no extra admission charged for extra special programs. For Monday and Tuesday evenings the special attraction will be Paul J. Rainey's "Africa Hunt," wonderful portrayal of animal life in the jungles, a set of motion pictures that required more than a year in their preparation. Wednesday will be an extra special night, when the feature attraction will be the first installment of a motion picture dramatization of the popular serial story, "The Perils of Pauline," now running in the newspapers of every city of note in the United States.

Norwood B. Smith and William Cranston, composing the University Realty Company, have been selected by the City of San Francisco to appraise the lands of the Spring Valley Water Company in this county comprising 25,000 acres. The city some time ago began condemnation proceedings in the Superior Court of San Francisco against the water company and is making thorough preparations for the trial of the suit which involves more money than any condemnation suit ever commenced in the world. Something like \$40,000,000 are involved. The fact that the University Realty Company has been selected to do this important work is a marked compliment to the firm and the enterprising men who compose it. The work has already been started but it will take several months to complete the task.

The trial of the suit of James D. Skelly and others against S. H. Cowell and others that began in the Superior Court last Wednesday was completed last evening and ordered submitted on briefs. The suit was brought to determine the riparian rights of the parties to the suit who own land on the banks of the Denniston creek near Halfmoon Bay. A large number of witnesses were examined for both sides.

MANY HANDSOME FEATURES FOR THE FLORAL CARNIVAL

The most important event of the season is the coming carnival to be given afternoon and evening of May 9th, under the auspices of the Redwood City Woman's Club.

The principal feature being the floral parade to be participated in by Automobileists and others from all sections of the peninsula. The ladies in charge hope that each person will take an individual interest as they hope by this means to arouse an interest that will in the future make the annual carnival mean to this section what the Rose carnival is to Pasadena, and carnivals in other places. Few people are aware that the San Francisco market is supplied mostly from San Mateo county, and this floral parade will help to bring before the public the fact of the floral wealth of our community.

It is hoped that no one will wait for a personal request to enter their automobile, vehicle or children, but do it as their share of the good work. The merchants and public in general have responded so generously and that with the good will they have shown, assures a grand success.

The exercises in the afternoon and dance in the evening will be free. A full program will be announced in a later issue. Many prizes have been donated and many more promised. Two silver cups to be awarded for automobile prizes are on display in F. Lippman's window. One donated by the Howard Auto Co., and one by the local garages.

Miss Evelyn Eva has been chosen queen, and her attendants will be Misses Angele B. Shaw, Adrienne Yount, Frances Gunther and Grace Baird; Masters Ernest and Floyd Baird, Kendall Towne and Meredith Eva. Master Donald Scherlin will act as pages.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Frank J. Bernardo of Halfmoon Bay has filed an election contest in the Superior Court, Joseph Rue being the defendant and respondent. At the high school election held at Halfmoon Bay on April 3d, Bernardo and Rue were candidates for the office of trustee. According to the canvass made by the election board Bernardo received 295 votes and Rue 297, the latter was declared duly elected. Plaintiff in his complaint declares that certain irregularities took place at the various polling booths and at the counting of the ballots which caused his defeat. He asks that the votes be counted. Judge Buck has set May 8th as the time for hearing the contest in the Superior Court.

New Probate Applications.

John E. Carlson has applied in the Superior Court for letters of administration upon the estate of Carl A. Carlson who died in Placer county on April 16, 1914. The estate consists of lot 1, block 42, and lot 6, block 20, Burlingame, and lot 6 block N, San Mateo Heights. Also a lot on H street, City of San Mateo. Personal property consists of personal effects and jewelry valued at \$150. The entire value of the estate does not exceed the sum of \$5000. The heirs at law are N. J. Carlson and Charlotte Carlson, father and mother of the deceased, residing in Sweden.

New Actions in Superior Court.

J. L. Debenedetti, through his attorney, Ross & Ross, has begun an action in the Superior Court against A. S. Barron to recover the sum of \$1015 for commission on the sale of the Barron ranch south of San Mateo and containing 41 acres. According to the complaint the plaintiff entered into an agreement with defendant on August 30, 1912 whereby the property was listed for sale, Mr. Debenedetti having the exclusive right to sell the land for a period of 90 days or until such time as the agreement was withdrawn. His commission was to be two and three quarters per cent on \$38,000, the price at which the land was to be sold for. On January 13, 1913, Barron sold the ranch to the Warranty Investment Company for \$38,000. In as much as the contract was not his commission, to-wit, the sum of withdrawn Debenedetti now claims \$1045 and interest at the rate of seven per cent per annum from the date of filing the suit.

C. B. Overhulser has brought an action in the Superior Court of this county against A. A. Haskins for an accounting of a co-partnership that has existed since June 15, 1913. The parties to the suit entered into an agreement to work a stone quarry near the Town of Hollister in San Benito county. Defendant had charge of the books and accounts of the firm and plaintiff has no access to them and has asked his partner for an accounting but was unable to get a statement from him. Mr. Overhulser asks that the co-partnership be dissolved and that the property of the concern be sold and the proceeds divided. The parties to the suit reside at Hollister.

McLellan Co. Wins Suit.

The suit of E. W. McLellan Co. against the East San Mateo Company was decided in favor of plaintiff this week by Judge Buck. The suit was originally tried before Judge Buck and he gave judgment in favor of defendant without prejudice to plaintiff bringing a new action. The court denied the motion for a new trial and the plaintiff at once appealed to the Supreme Court for a retrial of the case and some time ago that tribunal granted the request. At the second trial, which took place a few weeks ago, the statement of facts that were presented to the Supreme Court were submitted to Judge Buck and he rendered the following opinion, giving judgment to plaintiff:

"By stipulation this case is submitted upon the engrossed statement herein. Assuming from the stipulation that this Court is to consider the evidence offered and the objections made thereto as the same appears in the engrossed statement it seems to me that it is a small matter to pass upon the issue raised herein under the plain directions laid down by the Supreme Court. The first point to be considered is the last point passed upon by the Supreme Court and that is permitting an amendment to the answer pleading the by laws of the Company defendant. Under the decision of the Supreme Court the objection to filing that amendment is sustained. This Court has already found that there was an account stated but held that the account was stated with Obeir, and not the defendant company. The Supreme Court having held that Obeir simply represented the defendant company and the evidence being amply sufficient the Court now holds as it before held that the evidence shows that the account was stated between McLellan and the defendant Company. The by laws of the defendant Company having been admitted over the objections of the plaintiff and the matter now coming up for further consideration, under the decision of the Supreme Court herein the objection to the admission of the by laws of the defendant Company is sustained. I believe this disposal of all the matters passed upon by the Supreme Court and this Court having found from the evidence that an account was settled between the plaintiffs assignor and the defendant corporation and that the assignee, the plaintiff has a right to bring this action judgment will be for plaintiff as prayed for. BUCK, Judge.

Final Decrees Granted.

Judge Buck on Thursday granted the following persons final decrees of divorce:
Matilda Holms, from her husband, Leonard B. Holms, on the ground of wilful neglect. The custody of the minor child, Cheever Holms, was awarded to the plaintiff. The interlocutory decree was granted on March 31, 1913.
Elsie J. O'Connell, from her husband, Mark J. O'Connell, on the ground of wilful neglect. The interlocutory decree was granted on March 23, 1913.
Esther Young, from her husband, William S. Young, on the ground of extreme cruelty. The interlocutory decree was granted on April 5, 1913.

SUPERVISORS MEETING.
(Continued from first page.)
The report of Surveyor Neuman, Henry Geiffuss and Alvin S. Hatch, the viewers appointed to view and lay out the county road from Colma to San Pedro. After hearing verbal statements from the viewers the report was adopted on motion of MacBain, seconded by Francis.

Chairman Brown announced that a writ of prohibition having been issued by the Superior Court, preventing the board from acting on the Casey recall petition, that matter had for the time passed out of the board's hands and was now within the jurisdiction of the court.

A communication was received from the committee in charge of the Hoace Hawes Gymnasium of Redwood City, asking the board to donate \$500 toward the repair of the gymnasium building and the purchase of new apparatus, the object being to make a place of amusement and recreation for the boys and girls of the city. It was asked that the money be given as a refund for the free use the county had made of the building during the four years following the quake.

It was ordered, on motion of MacBain, seconded by Blackburn, that the sum of \$500 be donated to the committee.

A communication was received from the Cullen Company of Redwood City asking for a share of the coal patronage of the court-house. The communication was filed.

A resolution accepting and approving the report of the viewers of the road from Colma to San Pedro was presented by District Attorney Swart and adopted on motion of Blackburn, seconded by Casey. The following awards were made to the nonconsenting landowners:

A second resolution, presented by the District Attorney, was adopted on motion of Blackburn, seconded by Casey, establishing what shall be known as the "County Good Roads Fund," which shall consist of such moneys as are collected in fines for violation of the motor vehicle act.

A map of "Campus Acres," located near Menlo Park, was adopted for record on motion of MacBain, seconded by Casey. All of the streets and avenues in the tract were rejected except Olive and Middle avenues.

Wellesley-Park Wedding.
The home of Mr. and Mrs. F. M. Lorenz in Wellesley Park was the scene of a pretty wedding Sunday afternoon in which their niece, Miss Louise Augusta Walz, became the bride of William Betson Juett. The ceremony was performed by Rev. David Crabtree in the summer house, which was converted into a bower, the decorations being white roses and snowballs. The bride's gown was a creation of white satin and tulle, and she wore a veil wreathed in orange blossoms and carried white roses showered with the same blossoms. After the ceremony an elaborate luncheon was served at an exquisitely appointed table. There were fifty guests from out of town, and after receiving the good wishes and congratulations of all, the young couple left on an extended wedding trip. Both the bride and groom are exceedingly popular in their home town, Antioch.
